Angels and Demons, summer 2026

Adam Blai, MS, JCL

Class 2 Review

- God allowed Satan to enter the garden and tempt Eve. He wanted Eve to use her free will and choose God or not. God wants all of his creatures given free will the ability to truly use it. That is the answer to the question of why God allows evil in the world. He does not want robots, but creatures that return his love by choice.
- Satan's essential translation is that they can become like God: they can have special power beyond how they experience themselves. This is the same temptation the new age movement makes.
- Cherubim are associated with the direct presence of God. Flame is associated with the direct presence of God. A sword symbolizes enforcement of order. All of this leads to the understanding that the flaming sword surrounded by Cherubim is God guarding the entrance to the garden.
- When we see "The Lord's Angel," or "Angel of the Lord" it means a manifestation of God himself, not an angel.
- Angels are pure spirit with no physicality. In addition, God can do whatever he wants. Angels ate and drank with Abraham. We don't know if they became physical, or if Abraham just saw a vision of them eating.
- Angels can easily strike an entire town's population blind if it is God's will.
- Angels can easily destroy a city if it is God's will.
